Magellan International School Song Lyrics

We are the students of Magellan
Valoramos el ser global,
To be good citizens of the world,
Zhishi, Jineng, and open minds for all.

We are the nations of the future
Podemos generar el cambio
When someone asks why does it matter,
Zhen gui he chengxin is why we care.

Con confianza somos fuertes
We learn to be reflective, too.
And when we think of our life at Magellan,
We will remember unique points of view.

We are the students of Magellan
Valoramos seres globales,
To be good citizens of the world,
Zhishi, Jineng, and open minds for all.
